Accident Occurs at Fabens, H. & S. A. freight train, about 11 oclock While Freight Train is on

Desiring to render a great educational service to its readers. The Herald ass arranged with Mr. Haskin to handle, without profit to itself, the exrimsive output of his valuable book for the El Paso district. Cut the Couann from six consecutive issues of The Herald, and present them, with fifty ents to cover the bare cost of manufacture, freight and handling, and a copy will be presented to you without additional cost. Bear in mind that this book has been most carefully written; that every chapter in it is vouched for by an authority; that it is lliustrated from photographs taken especial. ly for it; that it is printed in large, clear type on fine book paper and bound in an attractive durable manner. A two dollar value for rifty cents. Act quickly if you want a copy.

Save six conpons of consecutive dates and present them at The Herald office, first floor, corner El Paso and San Francisco streets.

Each Book by Mail Fifteen Cents Extra for Postage.

Remittances by mail should be made by postoffice or express money arder or two cent stamps. We will not be responsible for coin sent in letters.

The freight train was standing on the Siding — Several Persons main track near Fabens, and, according to the trainmen's version of the accident. could not be moved on account of a defective engine. A flagman was sent shead to warn the Texas & Pacific engineer to stop, but it is thought that he did not see the sigmal. As a result the two engines collided and both were damaged to a great extent, while the baggage car of the passenger train and several of the freight cars received much damage, which tied up the track for sev-

The fireman on the Texas & Pacific train, L. C. Robley, jumped when he saw that a wreck was imminent and alighted on a pile of railroad ties, receiving several cuts and bruises about the legs from

the ties and splinters, Four passengers on the Texas & Pacific train were slightly injured in the wreck and nearly all of the 150 people on board the train were shaken up somewhat by the collision between the trains.

E. S. Connor, of Paris, Texas, received an injury to his chin; J. F. Dickson, of Paris, had his head bruised, and L. S. Petross, of El Paso, also had his head bruised. G. E. Spencer of Yeleta had his left thumb injured. The injured people were accounted to El Paso. brought to El Paso on a special train at 8:30 Sunday morning. The train was sent to the scene of the wreck from El

A wrecking train was sent from El Paso to fix up the injured equipment and clear the truck. The equipment of the two trains was brought to El Paso shortly before noon Sunday and the track was ready for the resumption of traffic. A heard, consisting of Texas & Pacific and G. H. & S. A. officials, has been ordered to investigate the cause of the wreek. The board started on its investigation Monday morning. The board will probably visit the scene of the accident before the report is made.

The G. H. & S. A. train in the wrock was in charge of conductor G. McGinnis and engineer W. L. Julian. Engineer M. Doyle and fireman L. Robey had charge of the passenger train.

M. F. Hickman, representing the Mergenthaler Linotype company, was a passenger on the wrecked train.

(Continued from page 1, Section 2)

seen upon its streets. There shall ret oid men and old women dwell in the streets of Jerusalem, and every man with his staff in his hand for very age. What a beautiful picture! Advanced age found upon the streets of the city. It has been said that the two greatest benedictions of life are childhood and old age.

"The old are feeble and helpless, and where they are to be found, there kinduces, justice, affection, unselfishness will be found. But in the large cities of the old and new world there is little hope for old age; let alone quiet old age; and again the question is asked. "What shall be done with the old men and the old women?"

"But the most fear is that the arduous toll of the workers will not permit them to reach and enter the placid waters and softened twillight of old age. Life is so intense in our cities that many break down when they should be in the prime of life. The pressure of business and social life is terribite. Some means must be found to reduce this pressure, and in no way can this be brought to pass than by the adoption of Christian standards and estimates of life. These alone can block the mad rush for pleasure and guin, and save our civilization.

Make the Streets Safe.

saloon opens it doors like the jaws of the pit. Obscene and debasing literature and pictures are distributed or said among the hoys and girls of this city. Onthe ears of the young, proceeding from the mouths of coarse and brutal men (including some politicians).

"There is no more dangerous piace by day or night than the streets of a city, and El Paso is no exception. I have seen and heard things on the streets of El Paso that have made my heart bleed, and I do not go about poking my nose into exceptional places either. A man that has eyes and ears and heart can see and hear and pity. God grant that it may soon come, when not messenger boys, news boys. when not messenger boys, news boys, and cash girls working early and late upon the streets and in the stores, but

The Ideal City.

"A city with parks and lawns and homes for children, this is the ideal; for when the voices of boys and girls die out, the light and joy of life hare set.

Paso shall be a city worth I Pase shall be a city worth e when God is given a larger in its thought and life. I will I in the minst of Jerusalem. our civic life is unwholesome impure we must with shame acknowledge; and by no process of law can the life of our city be purified. It must be done by the presence and power of God in individual lines.

power of God in individual lines.

The important Things.

"El Paso does not need Pearson's mills, or any other sort of industry, so much as it needs to seek first the kingdom of God and His righteousness." God must be enthroned in the civic and social life of the city. He is in neither. The heathen Japanese has higher ideals and a truer conception of morality than some of the public officials of this city. Judging from published statements from their lips. Listen to this. Marquis ito of Japan, declared at the dedication of a Y. M. C. A. building in Koren in December, 1908: I fought vehemently for freedom of belief and propagation and finally triumphed. My reasoning was this: Civillaation depends upon morality and the highest morality upon the relief of the contraction of the contra rallty and the highest morality up-rallgion, therefore rallgion must folerated and encouraged. e tolerated and encouraged. Compares It With Other Statements.

Compare this with the words of an officer of the law: Take your churches and get to hell out of here. And with the statement of the chief of police.

the statement of the chief of police, found on the first page of The Herald of Wednesday, January 10. No, the life of our city cannot be saved apart from a recognition of God and obedience to His laws.

"Only the golden rule of Christ can bring the golden age of man."

"So the highest and most genuine patriotism in not the nelss, vociferous, flaunting, transfer, common kind, but that which ever seeks to thise the life of the city, the state and the nation to the level of its high privilege."

Herald's Work Endursed.

Herald's Work Endarsed.

By a rising vote, the audience at the evening service of the Houston Square Baptist church unanimously expressed its approval of the course taken by editor Slater of The Herald, in exposing the wide open character of the city, and piedged itself to support him and any effort that has for its object the proper shirecement of the laws, especially three relating to gambling and its companion, the saloon. Herald's Work Endarged.

On "The Sort of Judges for

What Causes Men of the United States to Look Worried.

HE dispute now waging in the press touching the matter of the Children's court has at any rate this advantage, that it brings to the attention of the people the whole matter of young criminality and the relation which the courts properly sustain to it.

It is not so much a question of figures as it is of the difference of treatment requiring to be accorded respectively to criminals of young years and criminals of adult years, criminals of adult years, criminals.

It is not so much a question of figures as it is of the difference of treatment requiring to be accorded respectively to criminals of young fairs and criminals of adult years, criminals whose character is unformed and criminals whose character is fixed.

An old dog cannot be taught new tricks, but a young dog can be. The particular advantage pertaining to childhood is that it is the period in life that is amenable to treatment. The tree cannot be findined, but the twig can. figures as it is of the difference of treatment requiring to be accorded respectively to criminals of young years and criminals of adult years, criminals whose character is unformed and criminals of adult years, criminals whose character is fixed.

An old og calmot be taken. The tricks, he advantage pertaining to childhead is that it is the period in life that is amenable to treatment. The tree cannot be included, but the twig can.

It is in this difference in point of pliebility between the two periods of the largest precision in the quality of the largest precision. The court is retributive, the other ought to be educational, which we had the result that the rate of a dosen or a soors per bour. The ordinary judge will proceed on the basis that the culprit before him has learned to be bad. That gives an entirely different character to the judicial process.

But the well before studying law is after.

A man does not need to be a lawyer in order to be able to see and the study the precision of the children that see and the process of the court. The Children's court judge therefore requires to be a person of parents of the children that see and the process of the

terian church was as impressive as it

kinduces, justice, affection, unselfisheses will be found. But in the large of the old and new world there is little hope for old age; let alone quiet old age; and again the question is seked: What shall be done with the old men and the old women.

But the most fear is that the arduous toil of the workers will not person acceptance and dedication of a memortal window placed in the Sunday school room of the church by Henry L. Capell The service was attended by the workers and social life is that many bresk down when they should be in the prime of life. The pressure of business and social life is terrible. Some means must be found to reduce this pressure; and in no way can this be brought to pass than by the adoption of Christian standards and estimates of life. These alone can block the mad rush for pleasure and gain, and save our civilization.

Make the Streets Safe.

FI Paso shall be full of boys and girls shall be seen on the arceta. And the streets of the city shall be full of boys and girls shall be seen on the arceta. And the streets of the city shall be full of boys and girls shall be seen on the arceta. And the streets of the streets of the city shall be full of boys and any serve our streets today are the most dangerous places for a girl or a boy to be. Evil lurks at every corner. former companions slowly filed paat the window and each laid a white carbatton on the window sill.

Beenrifful Window.

The window is of leaded art glass in gothle style. The design is simple, but graceful and contains over 500 pieces of stained glass of rich celoring. In the upper part is a cross and crown set against a background of rays of light in opalescent glass, with crossed branches of palm and ollive at the base. In the lower half is a shield of copper ruby glass, set in a scroll work of rose opalescent glass. At the base of the window is the inscription, J. Eldridge Murphy aged 19 years. Born 1892, died 1311. "Asleep in Jesus."

John Eldridge Murphy was born 1892, in Pueblo, Cole. He died August 23, 1911 at his home in El Paso.

He was a carrier boy from December, 1306, to June 1509, carrying route No. 5 during that period. He was a member of the Omega Upelion Kappa fraternity, played left ond on the crack High school team, and when he went to Mesilla Park to attend the A. & M. college of New Mexico he played end on the Varsity team. He also attended the Colorado Springs, Colo., help school for a brief period. While attending the A. & M. college he was a member of the vested college choir. He was expecting to return to the college at the opening of the full term.

The real test of manhood, the test which cames to every man sconer or later, came to Eldridge Murphy when his manhood was in the making. Sunday afternoon, August 2, 1908, he and his friend, Leslie Reed, and Henry L. Capell, went out to the mountains for an outing northeast of the city. In returning down the mountain for an outing northeast of the city. In returning down the mountain for an outing northeast of the city. In returning down the mountain for an outing northeast of the city. In returning down the mountain of the long visit of the purple night. Without blankets or feed, the two, the influence artived the next day, meantime having carried Mr. Capell down the mountain on his back antil he was completely exhausted.

HISSIGNARY MEETING

HISSIGNARY MEETING. The Missionary society of the First Baptist church will meet Tuesday aft-ernson at the church.

RANCHMAN AFTER BALL TEAM. Lincoln, Neb., Jan 15.-A telegram received by the Star from Herman Poleng of Havenna announced that he is interested in a deal to secure the possession of the Puchlo Western league paseball club. Polent is a wealthy

TAPPED 8 TIMES

ranchman.

The following report in an extreme case of chronic Bright's disease will interest physicians due to the fact that tapping has heretofore invariably attended fatal terminations. Under the new emollient treatment tapping does

no hope and said the end was near.

At this critical moment the treatment was changed to Fulton's Renal Compound, the physician alding it by helding on the heart and strengthening the little patient against collapse.

Case very stubborn—dropsy was so oppressive that the patient had to be imped eight times. But as the tapnings became further apart the albumen began to decline, diuresis increased, and the patient made a slow but

men began to decline, diurents increased, and the patient made a slow but steady recovery, and is now going to the public school in Oakland.

The new emolilent treatment for Bright's and chronic kidney diseases (Pulton's Renal Compound) shows an efficiency in about 37 per cent of these hitherto incurable and fafal diseases. It can be had at Kelly & Poilard's wholestale and retail agents.

We desire to hear from and advise with patients not noting improvement by the third week. Literature mailed
